*The definition of "Under-represented" used here is intended to match the CPEC definition and includes African American, Filipino, Latino and Native American students.

Notes:

Former Cabrillo students who had completed at least 0.5 units were tracked using the National Student Clearinghouse, Student Tracker. Special admit (high school) students were not included.

Students with enrollment at multiple 4-year institutions were counted only at the first institution where their enrollment was reported.

The NSC data match was performed on Nov.02,2007 and encountered an average student-level blockage of 4%. Additionally, not all 4-year institutions participate in the Clearinghouse. The actual number of transfers is most likely 5-8% higher than reported above.
